Dow Jones Intraday Source: [Orbex Forex Broker (Review and Forex Rebates Up to 85%)] Pivot: 17420 Our preference: Long positions above 17420 with targets @ 17640 & 17730 in extension. Alternative scenario: Below 17420 look for further downside with 17300 & 17200 as targets. Comment: Even though a continuation of the consolidation cannot be ruled out, its extent should be limited.
