

Starting today, FXTM clients with a Standard Account will have the option to trade cryptocurrency CFDs against the U.S. dollar. The value of Bitcoin, Ethereum and Litecoin has been skyrocketing this year. Bitcoin's value has risen over 350% from January to June 2017, and the value of Ethereum has increased ten-fold within the same time-period. These rapid price movements make it the perfect time to trade cryptocurrencies. Ride the digital wave that's sweeping the markets, and seize your chance to make a potential profit. **Source:** www.forextime.com [FXTM Forex Broker Review](#) and Details
