

All eyes have been on Bitcoin during the last week as the price has soared and now looks set to break through the \$11K barrier.

Bitcoin continues to exhibit new highs, showing consistent potential to deliver trading gains, increasing in value by 900%* this year alone. This is a great time to capitalise on the volatility in the price of Bitcoin. Trade BTC/USD pair today!

How to start

Trading BTC/USD is straightforward with HYCM, also available via mobile. Trading cryptocurrencies is only available at HYCM Henyep Capital Markets (UK) Limited - regulated under the FCA.
