

As from 05.12.2017 to 14.12.2017 inclusively all clients are eligible for a 50 USD no deposit welcome bonus or the equivalent in another currency. New clients as well as those who already work with Fort Financial Services may take advantage of this bonus. If you are our client already and have previously received a 5 USD welcome bonus, you may also get the 50 USD welcome bonus during the promotional period by clicking the "Get bonus" button in the corresponding section in your trader's room. In addition, if your previously received bonus of 5 USD is still active then you will be able to continue working with it. As a result, some of you will have the chance to work with both bonuses: the old and the new one. The required trading turnover for each bonus will be completed sequentially. Terms of the "Welcome Bonus 50 USD" program are available here: <https://www.fortfs.com/about/news/welcome50-201712> [FortFS](#) Broker **[FortFS Review and Details](#)**
