

Fund your Forex account with Bitcoin - London, 23 Feb 2018 - Blackwell Global today announces the inclusion of Bitcoin to their range of funding methods, offering greater transactional flexibility for clients, as the usage and acceptance of Bitcoin gain global recognition. [Blackwell Global UK](#) broker Will be the first in the Blackwell Global group of companies to incorporate Bitcoin as a payment option, which includes the benefit of widespread acceptance regardless of country or currency type. With Bitcoin as a new addition to the list of the company's accepted currencies and payment methods, Blackwell Global is able to provide funding flexibility to cryptocurrency aficionados and clients that wish to leverage upon Bitcoin's currency homogeneity. Accessed through Infitum, the company's proprietary client portal, clients that deposit with Bitcoin will see their balances funded in USD or EUR based on the prevailing rates of exchange between the respective currencies.

What is the Bitcoin?

Bitcoin uses peer-to-peer technology to operate with no central authority or banks; managing transactions and the issuing of bitcoins is carried out collectively by the network. Bitcoin is open-source; its design is public, nobody owns or controls Bitcoin and everyone can take part. Through many of its unique properties, Bitcoin allows exciting uses that could not be covered by any previous payment system. <https://bitcoin.org/en/> [Blackwell Global UK Review Forex](#)
