

[text] **Forex Brokers News XM Broker Budapest Office Monthly Update** s the month of November has come to an end, we can look back fondly on yet another successful month filled with much education and many traders now better prepared to tackle the highly lucrative global forex market. It's been business as usual with the continuation of our highly sought after series of webinars, seminars, and daily training sessions. Our resident forex gurus, Attila Szoboszlai and Zsolt Sándor, are very happy with how local traders are responding to our educational offerings and are very pleased to see people returning to learn more. Next month we will announce which of the 20 winners of our Hungarian educational promotion will be going off to London for an all-expenses paid trip to take the exam for the coveted CFTe1 certification. Also coming up soon will be some special seminar events as Szoboszlai Attila and Sándor Zsolt venture out of Budapest to reach traders elsewhere in Hungary. The first location to be visited will be Szeged on the 13th of December, followed by Kecskemét on the 10th of January, and Győr on the 24th of January.
