

## **The Only Way to Generate Wealth Is to Invest in Bitcoin!**

Author Rich Dad Poor Dad Robert Kiyosaki says the most attractive investments in the market are [Bitcoin \(BTC\)](#) along with precious metals like gold and silver. In a tweet to his 2.3 million followers, the best-selling author says the only way to build wealth and reduce debt is to invest in the assets that are most highly valued when the US dollar falls. Kiyosaki told his 2.89 million Youtube subscribers that the US dollar was no longer real money in 1971 when US President Richard Nixon ended the dollar peg to gold. The Bitcoin bull recently said he was accumulating more of the king crypto during the depths of the bear market, despite the concerns of a federal crackdown on cryptocurrencies in response to the FTX implosion. He said regulators would view bitcoin as a commodity like gold, silver and oil rather than security like other tokens. He also predicted that by 2023 the price of silver will triple and that of gold will double.
