

[text] **Forex Brokers News IronFX Global fully covers any negative client balances** Following the recent shock to the market, led by the decision of the SNB to remove its EUR/CHF floor, we would like to reassure our clients that IronFX is unaffected and is continuing its business as usual. Client fund protection is a core pillar of our operations, and we are working round the clock to maintain the highest possible levels of fund security and regulatory compliance, despite any turbulent market movements. Traders with IronFX can be assured that their assets are protected. **Latest Forex Brokers News By PipSafe.com WWW.IRONFX.COM** [/text]
