

[text] **Forex Brokers News EXNESS partners enjoy Malaysia**

**Grand Prix** The EXNESS team attended the PETRONAS MALAYSIA GRAND PRIX this weekend and took the opportunity to develop its important relationship with our south-east Asian partners in Vietnam, Malaysia, Indonesia and Thailand; discussions were focussed on the exciting developments that partners can expect from EXNESS going forward and the development of cooperation between all members. Our invited partners had the exciting opportunity to meet the IRBR Team Principal Christian Horner, as well as the Red Bull drivers Daniel Ricciardo and Danil Kvyat for an autograph session. The IRBR team members welcomed our EXNESS partners at the Sepang circuit. The invited partners also had the opportunity to tour the team's garage before the race and were able to see the engineering team in action working on the car. EXNESS looks forward to continuing our fruitful relationship with our south-east Asian partners in the future and is grateful for their support. **for more information:**
