breakthrough of 0.8004 with 0.8070 target. Stop loss = 0.7950.**

Source: [Exness Forex Broker](#) **Reason for the trading strategy** In April, the employment rate in Australia decreased by 2.9 thousand people, while the unemployment rate rose from 6.1% to 6.2%. After a morning test of the \$0.7921 mark, the Aussie recovered quickly. The low probability of an imminent tightening of the interest rate policy in the United States will support investors' interest in higher-yielding currencies. The spread between the key interest rates in Australia and the United States remains in the positive zone, amounting to 1.75%. **AUD/USD Chart**
