

[text] USD/CHF Analysis 22 ,May 2015 Source: ACFX Broker The intraday technical outlook Thursday USDCHF closed the day unchanged. This morning I am monitoring the price action for a test of the 0.9340 level. Alternatively a failure to sustain a move lower could see USDCHF test the 0.9385 level. From a technical perspective USDCHF is trading in an intraday 1 hour up trend with the line of control at the 0.9250 level. USD/CHF Chart
