

Quick Guide to Forex Trading [Published by Easy-Forex Broker](#)

The word Forex is an acronym for the term Foreign Exchange. It means exchange of one currency for another on a financial market. Forex has been in existence since the 70's of the XX century. It is a fast-growing and one of the most heavily traded markets in the world. The daily trading turnover on Forex is worth almost 4 trillion US dollars. **To read more, Please download the book.** [Download This Book](#)
