With the festive season here and Christmas fast approaching, FXOpen is delighted to join in the festive spirit by offering plenty of gifts to our clients.

This year from 1st December 2015, we are pleased to offer all our clients free deposits for the rest of the year! Payment processors typically charge between 0.5% and 3% for deposit transactions, but this December FXOpen will pay this fee for you so you can trade with 100% of your capital.

To take advantage of this fantastic gift, simply deposit via an electronic payment system such as Skrill or Neteller or FasaPay, or use a credit or debit card, such as MasterCard, Visa, Visa Electron, Maestro, ChinaUnionPay, Discover, JCB and many others.
