

FXTM Forex Broker - The FXTMbasejump project is underway and BASE jumping legend and Red Bull athlete, Valery Rozov is currently packing up after a training expedition which saw him climb Mount Huascaran in Peru. This part of the journey is vital for Valery as he prepares for his big challenge in September, proving the importance of having the right training before any great achievement. Similarly, providing traders and investors with effective education has always been one of our core missions and values. Valery's climb up the Peruvian mountain is a perfect demonstration of the three key stages of accumulating effective training and preparation: Gain Essential Knowledge 'Before you do something, you need to learn as much as you can. Having the right equipment is one thing. Having the right preparation is another.' - Valery Rozov Local Seminars: Presented and certified by world-class experts, FXTM seminars provide you with vital information and guidance to take your trading knowledge further. Extensive Workshops: Tailored to fit the needs and requirements of local traders, our extensive workshops focus on the technical and fundamental aspects of trading. You will be presented with a certificate after successfully completing the course. Equip yourself with the Best Tools 'You have to be aware of your equipment's capabilities. The right gear is important in any extreme activity.' - Valery Rozov Cutting-edge Trading Platforms: FXTM offers innovative solutions to clients with a collection of the most secure, reliable and flexible trading platforms available. Market Analysis: Frequently cited by renowned financial media, FXTM's market

analysis provides clients with daily insights and forecasts through videos and reports. Educational Videos: FXTM's series of videos, done in collaboration with John Jagerson – the co-founder of Learning Markets– go through the A-Z of forex trading Understand your Environment 'Acclimatization is the process of adapting to the lack of oxygen. The more I acclimatize, the higher I can climb.' – Valery Rozov Risk-free account: New to trading?
